

Financial Controller Vacancy

Arjowiggins is the world's leading producer of Translucent Paper. Our Chartham Mill (U.K.) has been producing translucent paper since 1938 and has developed excellent production skills and technical expertise. This experience and knowledge helped our Quzhou Mill (China) to produce products to the same high-quality standard. Both operations have built up a worldwide reputation for the prestigious Curious & Gateway brands, used in Europe and the Far East for printed commercial advertising.

Under development for 4 years, Arjowiggins has commercially launched a new translucent barrier paper, Sylvicta. Impervious to oxygen, aromas, oils and greases, Sylvicta is already being used to replace plastic packaging films, not just because of its inherent barrier properties, but because it is recyclable, marine biodegradable and compostable.

Arjowiggins Chartham Mill Ltd is based in the historic village of Chartham just outside of Canterbury, England. The Mill, which operates 24 hours a day, consists of one paper machine and a paper conversion department producing around 6,000 tonnes of translucent paper per year. We are entering an exciting period where technical and quality expertise are key to the successful development of our product for the future.

Job Role

As a key player in the Senior Management Team at Chartham the Financial Controller provides financial expertise and leadership of Arjowiggins Chartham Mill Limited. You will ensure the company is financially managed and that the business is fully under financial control.

The role requires leadership from a financial compliance perspective covering reporting, financial coordination, budget preparation & forecasting, property, legal, pensions, transfer pricing, restructuring programmes, statutory accounts for UK companies and group reporting.

In this position you are also responsible for a team of two people who will assist with the Company's financial reporting, such as monthly, quarterly, and annual accounts and you will manage all of the company's transactions, from accounts payable to receivable, payroll, and from control accounts to general operational finance.

Based at Chartham Mill you will report to the Mill Manager locally and the Group Financial Controller of the Arjowiggins Creative Papers Group based in our Stoneywood Mill in Aberdeen.

The role requires regular contact with other senior group finance personnel in the Arjowiggins group of companies.

Person requirements

Wherever your talents and aspirations lie, we expect a high level of academic achievement. But every bit as important will be the individual attributes and personal qualities you bring to our team.

Our whole approach is built on working together, being consistent and having the courage to do the right thing. All of which is underpinned by a commitment to safety and excellence in what we do. It's essential that you share those values.

Qualifications Required and Experience Required

- 10 years post qualification experience.
- Association of Chartered Certified Accountant (ACCA) or Chartered Account in England & Wales (ICAEW) or Chartered Institute of Management Accountants (CIMA).
